

Precision PH Meter APH-3E

Model		APH-3E
Calibration Range	PH: (-2.00-18.00)PH; mV:(-1900-0)mV (0-1900)mV; Temperature: (0-99.9)°C	
Resolution	PH: 0.01pH; mV: 1mV; Temperature: 0.1°C	
Fundamental Error	PH:±0.01 PH±1digit; mV:±1 mV±1digit; Temperature:0.1°C	
Input Impedance	1x10 ¹² Ω	
Temperature compensation Range	(0-60)°CManual or Automatic	
Weight	2.5kg / 5lb	
Dimension	300x200x90mm/12x9x4"	
Equipment	1PH combination electrode, 2PH standard buffer reagents; Automatic temperature compensation electrode	
Cat No.	110V 60HZ	70811400
	220V 50HZ	70812400

Large Screen with blue black lighting display double rows, LCD display manual and automatic compensation can test or show PH; temperature adopts two point calibration

Electrical connectors below the place, it is more safe and antiseptic
